**Subject:** NY Tax Parcel Data Input  
**Attachments:** ATT00001.txt; nysgis.NYS-Tax-Parcels.pdf

Hi All,

During our outreach for the Phase III WIP, several partners had mentioned that turfgrass and mixed open areas of the watershed were being assigned incorrectly as cropland and pasture in the Phase 6 Land Use Viewer. Examples included colleges, golf courses, and cemeteries. As part of the data input and planning for the 2018-2019 milestone period, NY is submitting updated county parcel data of all counties for the CBP's land use classification schema, as outlined in section 5.3 of the Chesapeake Bay Program Phase 6 Watershed Model documentation. Please let me know if you have any questions.

Please use the fts link to download the 2018 parcel data for NY's counties within the watershed:  
<https://fts.dec.state.ny.us/fts/sendfile.php?fid=44092&vercode=1d1b8cef> The link will be available for 3 weeks.

The property type classification codes can be found on the [Department of Taxation and Finance](#) and the metadata is attached as a pdf.

Thank you,  
Cassandra

**Cassandra M. Davis**
